All of our representatives have enabled their Whatsapp functionality as well.

Closing times 2018

Our factory and office will be closing at 12h00 on Friday the 15th December 2017.

Cut off date for special orders will be Wednesday the 13th December 2017.

Our company will re-open in 2018 on Monday the 15th January at 07h00.

As always, we will endeavour to cater for any last minute emergency and request for miracles. So if you need any customs colours manufactured: GIVE US A CALL TODAY!

Price increases / adjustments 2018

We will be re-looking our prices in February 2018 and adjusting, where necessary, on the 5th March 2018. This will be done on a product by product basis.

Unfortunately the volatility of the Rand, coupled with our mentally hilarious political instability has forced our hand. We will absorb the extra costs in the mean time.

Kind regards

The Team
